ABOUT CASH.

Cash. is one of the **best-known trade magazines** for independent financial advisors in insurance, investment funds, real estate, tangible assets, financial sales, broker pools, prescious metals, crypto assets, law and taxes. Cash. offers the latest financial news and reports on trends such as digitization and sustainability/ESG and their effects on the financial services industry.

The core target group are financial intermediaries: **insurance brokers, real estate agents, financial investment brokers, financial advisors, insurance agents and asset managers**. The customer structure is balanced. That makes Cash. a cross-industry medium with a general interest character.

Cash. is a **cross-media** magazine with various formats such as website in responsive web design, newsletters, monthly print edition & ePaper, videos – produced in our professional greenscreen studio, podcast, webinars and live events.

New content advertising formats such as the video format „Cash. im Talk“ or the one-month „Content Box“ as well as the „Unternehmen im Fokus“ („Company in Focus“), which runs for more than a year, expand our offering, as do the LinkedIn, Facebook, Instagram, XING and TikTok channels offered by Cash. With the extremely attention-grabbing formats „Interstitial“, „Sticky Footer“ and „Parallax“, you can hardly escape the attention of your target group.

The newsletters „Cash. 5vor5“ and „Cash.kompakt“ are in first place among independant financial advisors, brokers and distributors (with 73% and 70%, respectively, according to MRTK Media Analysis August 2021).
